The Mystery of The Great Dismal Swamp

A strange band of people live in the Okfenoke Swamp. They are descendants of pirates who formerly inhabited that section and their customs are the cruel, heartless customs of their pirate ancestors.

Fleurette, a beautiful girl of the tribe, is coveted by the chief of the band. She escapes and meets a disillusioned, disheartened man, who because of his moroseness and sullenness is known as "The Grouch."

Mr. Reed, not only in opposing the peace league, but in opposing nearly all of the president's policies since he has been in the White House. We feel that Mr. Reed has lost his standing with the state Democracy and can not come back. But to call a state convention at this time to pass upon the opposition of Mr. Reed to the president's peace policy would seem to dig Mr. Reed out of all proportion to the effect his course is having upon the world events that are transpiring.

Many other letters advocate the calling of a convention and say that the country is back of the league "to a man." In only one county was the statement made that sentiment was divided with a majority probably against the league.

Another says:

"You can rest assured of one thing, and that is that not only the Democrats of Southeast Missouri, but more than 50 per cent of the Republicans stand right square behind the president and are clamoring every day for him to run for re-election."

This particular county, the chairman adds as an afterthought, however, concerning the situation, "I do not think this is best."

One county chairman dwells considerably on the danger that a party convention might be misunderstood as a partisan attempt to make capital out of the league of nations controversy. He says:

"If the Democrats make this a party matter, such action cements Republicans, and the result will be to the damage of our country, for it will less the situation of our country."

So the consensus of Missouri Democrats would seem to be very largely in favor of the league, and they privately report similar strength for it among the Republicans. Friends of Senator Reed also think he has erred but they believe him sincere. They like him for the very qualities of opposition which he is displaying. They like him so well that they filled to overflowing the big convention hall here, which holds 14,000, and gave Mr. Taft several nights later about 10,000.

Perhaps the argument against it seemed more interesting than the argument for it, but Mr. Reed's appeal didn't go unheeded, as was by no means the case in the past.

Missouri Democrats are still too timid to oust Mr. Reed from their ranks, either because they fear his hold on the rank and file or they don't want factional strife in the party. Anyway, the situation of the party materially the Republicans in stead of the Democrats are likely to have the say as to whether a Democratic or Republican shall represent this state in the United States senate, and the first test will come in the next election, when Senator Spencer is up for re-election.

BAVARIAN SITUATION
BETTER FOR HOFFMANN

LONDON, April 22.—The military situation in Bavaria is improving, according to announcements made by the Hoffmann ministry. The Spartacists, who took the town of Dacha, ten miles northwest of Munich, by violating the armistice, with the government troops have been repulsed and the government forces are now holding the place. Reinforcements are moving toward Munich from Ingolstadt. It is said the Hoffmann ministry, which resumed control of the capital Sunday following the collapse of the soviet government on Saturday night, is feverishly active, according to reports. Delegates to the diet are arriving daily and the assembly will meet soon. Russian prisoners of war who have been released from camps in Germany are now doing guard duty at the railroad station.

Communist leaders are making earnest overtures to the soviet government in Bavaria and are sending agents through the country, making an especial appeal for the support of women.

Ernst Toller, president of the soviet government, has left Munich, but Dr. Levin, leader of the Bavarian Independent socialists, Mr. Axelrod, the Russian socialist who assisted in the establishment of the soviet regime, and Herr Nilsen, one of the soviet leaders, remain in the city.

There is much plundering of towns in Bavaria, according to reports, and at places bitter fights have occurred between the communists and the Bourgeoisie. Rosenberg, ten hours ago, has been shot and a fine of 85,000 marks has been imposed upon the city because of its lapse from communism.

From Augsburg comes a report that the radical trend there is again increasing and there is a probability that the city will return to the soviet system.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kumer's Swamp-Kidney Pills is realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made an astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of these whose applications are declining do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kumer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Memphis Daily News-Scimitar.

TURKISH REVOLT BREAKS OUT AND SOVIET IS FORMED

PARIS, April 22.—A revolution has broken out in Turkey and a soviet government has been declared. A revolutionary committee has been established at Constantinople, according to a telegram received here from Kiev, quoting the Bolshevik representative at Odessa, who says that the Turkish soviet there has received official announcement of the exchange in the government.

PARIS, April 22. (Havas).—The naval port of Sebastopol, in the Crimea, has not been occupied by Russian soviet troops, according to a dispatch to the Journal Des Debats dated Sunday at Constantinople.

The dispatch says that fighting appears to have stopped for the time being in the Crimea. The Bolsheviks are said to be slackening their advance in the face of the allied artillery fire.
